

Real solutions. Real automotive choice.

We understand that tomorrow's vehicles start with today's design. That's why we offer an expansive product line featuring 18,000+ specialty and engineered products geared around meeting your goals. With more than 25 years of automotive experience and ISO 9001:2015, QS 9000-, TS 16949- and A2LA-certified supplier testing facilities, we're driven to help you succeed.

Automotive applications developed with Chase Plastics materials include, but are not limited to:

- | | |
|--|-------------------------------------|
| 1 Airbag cover - COPE, TPU | 12 Radiator end tank - PA 6/6 |
| 2 Console cover substrate - ABS | 13 Air intake manifold - PA 6/6 |
| 3 Cluster housing - PMMA | 14 Mirror assembly - ASA, PARA |
| 4 Ashtray bin - ABS, PP | 15 Fuel pump components - POM, PPS |
| 5 Air vent grille and duct - ABS/PA alloy | 16 Rear lamp - PC, PMMA |
| 6 Glove box - ABS, PP | 17 Door/window seal - TPE, TPV |
| 7 Electrical headlamp lighting sockets - PA 4/6, PPS | 18 Door handle - PA, PC/PBT |
| 8 Fan and shroud - PA, PP | 19 Sill side molding - ABS/PA alloy |
| 9 Alternator components - PPS | 20 Window belt - ASA, PMMA |
| 10 Engine cover - PA 6, PA 6/6 | 21 Brake system components - PPS |
| 11 Water pump housing - PPA | 22 Bumper cover - TPO |
| | 23 Headlamp bezel - PA, PBT |

Slash cost, application weight and processing time

Our technically skilled experts can provide insight into our vast portfolio of products that not only help you reduce cost, weight, and time but meet industry and quality standards.

Call 800-23-CHASE to learn more!

Putting you in the driver's seat

With an unrivaled portfolio featuring double- and triple-sourced OEM approved products, we can help create customized solutions to meet lightweighting, sustainability, emission standards and more. Backed by our network of strategically located warehouses and expedited shipping capabilities, we're ready to accelerate your success.
