

Chase Plastics de México

In today's global marketplace, having the right product there at the right time has never been more important. As a thermoplastic resin distribution leader in North America, we're committed to providing you real solutions founded on expertise — both technically and logistically — to give you the support, responsiveness and dedication you need in a partner. With access to a comprehensive product line, a vast distribution network and the extensive material knowledge to guide you, we're driven to help you succeed.

You can expect the same level of outrageous service, experience and expertise that Chase Plastics' customers have appreciated since 1992.

- ▶ Centralized warehouse locations in Querétaro, Monterrey and Cd. Juárez
- ▶ Dedicated, bilingual account managers, credit specialist and customer service representative
- ▶ IMMEX transaction support at borders and interior
- ▶ Definitive import with Mexican billing
- ▶ Transactions in US currency
- ▶ Bilingual material selection and technical support available
- ▶ USMCA account management provides critical link between Mexico, US and Canada
- ▶ Access to a broad product portfolio with extensive automotive approvals
- ▶ Importation of offshore suppliers into Mexico enhances competitiveness
- ▶ Expert consultation and guidance for plant start-ups

Global solutions. World-class expertise.

Our experience and knowledge runs deep. With more than a decade of serving customers in Mexico, we are primed to provide you with the enhanced responsiveness and resources you need to help you optimize productivity and performance.
